ORGANIZED BY:

Experience the heart of premium tropical flavors with FOODPhilippines at Seoul Food 2026

Bringing the soul of premium Philippine tropical flavors and ingredients to one of today's most influential global food markets, the Center for International Trade Expositions and Missions (CITEM) presents its inaugural FOODPhilippines participation here at Seoul Food 2026.

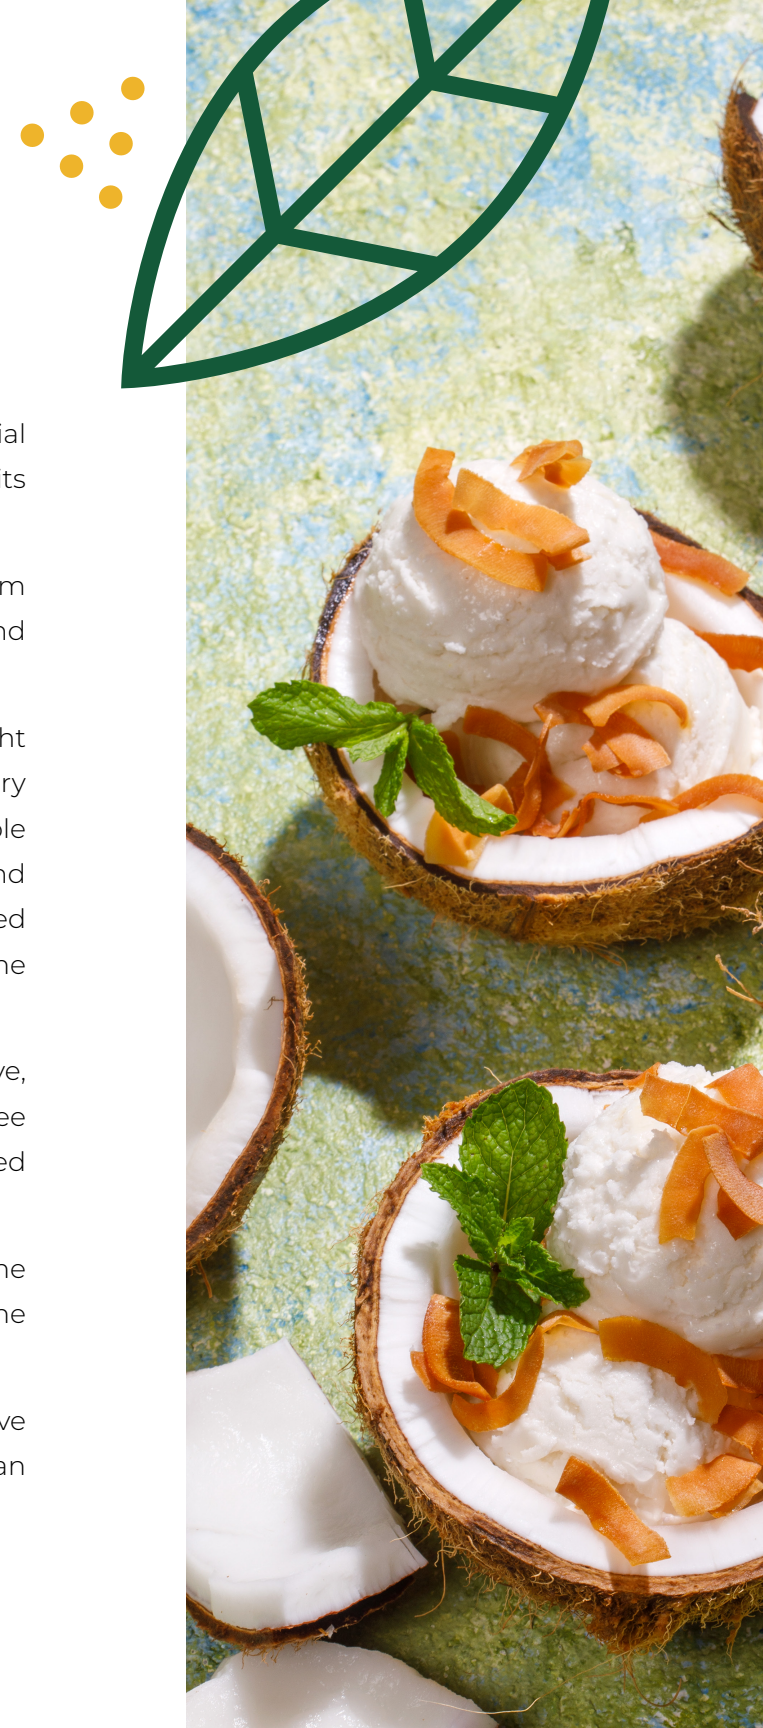

Optimizing strategic opportunities for collaborative and sustainable success, this year's product lineup from CITEM's FOODPhilippines exhibitors represents a powerful alignment of cross-border growth initiatives and diplomatic relations among ASEAN markets.

Our curated showcase features a collective of 24 premier food and wellness exhibitors, including eight enterprises under the Department of Agriculture (DA) – all ready to meet South Korea's shifting dietary needs and rising demand for variety and convenience. The Philippine delegation offers a dependable supply of high-grade, innovative offerings made from world-class fresh frozen seafood and in-demand tropical fruits and crops like banana, coconut, ube, pineapple, and calamansi. Transformed into processed chips, premium condiments, oils, powders, and regional gourmet confections, these products showcase the sophisticated evolution of Philippine producers into makers of high-value, trend-driven global offerings.

For international buyers and sourcing partners, this pavilion offers a direct gateway to highly competitive, tariff-free agricultural products backed by a robust, secure supply chain under the Philippines-Korea Free Trade Agreement (PH-KR FTA). This trade mechanism guarantees optimized cost efficiencies, streamlined cross-border operations, and a reliable partnership with compliance-ready exporters.

FOODPhilippines at Seoul Food 2026 is made possible through CITEM's inter-agency partnerships with the Department of Trade and Industry (DTI) Bohol Provincial Office, DTI MIMAROPA Regional Office, Philippine Trade and Investment Center (PTIC) – Seoul, and the DA's Philippine Agriculture Office – Seoul.

Explore the very best of Philippine food innovation, secure premium inventory, and establish lucrative long-term partnerships here at the FOODPhilippines Pavilion located at Hall 5 Booth 5B101 & 5B201, or scan and connect with our exhibitors online through their digital storefronts at IFEXConnect.

PH committed to global growth

In addition to supporting enterprises in overseas trade fairs, DTI-CITEM organizes the International Food Exhibition (IFEX) Philippines, the Philippines' largest business-to-business and export-oriented trade show for food, beverage, and ingredients. As the longest-running food sourcing event in the Philippines, IFEX Philippines spotlights premium products from across the regions and positions the country as a dependable supplier in the global market. Co-located within IFEX Philippines is the Sustainability Solutions Exchange (SSX) Exhibition and Conference, a platform that showcases innovations, facilitate knowledge exchange, and foster collaborative solutions that support the country's pursuit of a circular economy.

FRUITS OF LIFE, INC.

Started in 1995, when fresh coconut water was served either in its natural shell or white plastic cups, Fruits of Life Inc. saw the need for improved packaging for fresh coconut water that would be convenient, sanitary and leak-proof.

Throughout this, the company's goal was to not compromise the natural freshness and quality of coconut water. Thus, Lipa Fresh Coconut Water was born. Quality is paramount to Fruits of Life Inc. and we produce our coconut water under strict rules on sanitation and food safety.
